\$500,000,000 British Merger. LONDON, June 14.-The amaigamation of certain shipping and colliery interests into a corporation having a nominal capital of \$500,000,-000 has been completed, according to persistent rumors in business circles to-day. It is stated that colliery proprietors and ship owners with large holdings have come to an agreement for mutual service and

without further parlance.

For over half a century Johann Hoff's Malt Extract has been a household phrase throughout the civilized world. As a body builder and nourisher it has no equal. When taken with meals it will be tound invaluable to men and women suffering from physical exhaustion, anaemia, or chronic indigestion, and nursing mothers will be greatly henefited by its use.—Advt.

WASHINGTON, June 14.—President Wilson sent to the Senate to-day a report of Secretary Lansing saying American citizens and their property in Irreland were being protected under international law, that the Irish disturbances were ceasing and that it was hoped there would be few, if any, further arrests, and detentions of Americans.

# A New and Improved Lindeman-Angelus Player-Piano at \$550

YOUR SILENT PIANO TAKEN IN PART EXCHANGE; TERMS OF PAYMENT ARRANGED TO SUIT YOUR CONVENIENCE

This new instrument at this low price, considering the quality of both piano and player, illustrates the broadening of the policy of the John Wanamaker Piano business.

It is the first time that the premiere player, Angelus, has ever been offered in combination with a piano so renowned as the Lindeman at \$550.

The Lindeman piano has been before the public for three-quarters

of a century and has a reputation for unusual musical excellence.

The Angelus was the first player action to be made and it is still the first to-day in all-round merit.

Combined in one the Lindeman-Angelus becomes a beautiful piano, with sweet, full, rich tone; with elastic and responsive touch for hand-playing; and in addition a player-piano equipped with the best player mechanism in the world.

## Where the Angelus Is Supreme

FIRST: No o her player-piano so nearly reproduces the human finger touch on the key as the Angelus player-piano.

SECOND: No other player-piano mechanism renders music with such technical perfection and human musical expression, as does the Angelus. This expression is obtained by their patent diaphragm pneumatic, a system used in the Angelus construction exclusively, cushion-like, resilient as the trained human finger: and by the phrasing lever—also "Angelus Patented"—which puts soul into the Angelus-the soul of the player, if you choose.

THIRD: The Melodant — "Angelus Patented"—which brings out the melody or the theme as the finished planist would

FOURTH: The Melody Buttons for added individual expression to the note or chord which one wishes o emphasize.

FIFTH: The Graduating Accompaniment with the sustaining Pedal Device.

All these devices are so simple of operation that one becomes he master pianist and interprets at will the music of the world.

The Lindeman-Angelus is a wonderful instrument for anyone's home. After a day's work walk into the parlor or sitting-room, insert an Angelus music roll, the reproduction of some great artist's work, and you have literally at your feet all the delightful musical effects that are obtained by Piano Salons, First Gallery, New Building. a great artist.

A very comprehensive collection of music rolls for all 88-note player-planes is here for your choosing.
